RFP NO. 2018-01
ADDENDUM No. 003
Posted April 3, 2018

Update: **Respondents to this RFP should include their recommendations for utilization / buildout / enhancement of this existing building and space.**

Bicentennial Park Building Space

There is currently a building roughly 3000sqft located in our bicentennial park area which functions part Men's & Women's restroom, storage area, utility room for the fountain and concession stand.

Splash Fountain & Concrete Pad

The 4000sqft Splash Fountain with timer controlled water features, sits to the east of the Bicentennial park building and ten yards away from the beach and water sports area. The large concrete pad which is roughly 5000sqft directly in front of the building and adjacent to the splash fountain serves as a decorative accent but has huge development possibilities.
